DOCUMENT LISTING FOR SUP LightweightM2M Location Object V1.0.1

Publication Considerations

Doc Reference

- * [LWM2M_Location_XML]

Permanent Document Reference:

- * OMA-SUP-XML_LWM2M_Location-V1_0_1-20180612-A

Description:

- * XML document for LightweightM2M Location Working file in LWM2M_XML directory:
 - * File: LWM2M_Location-v1_0_1.xml
 - * Path: <http://www.openmobilealliance.org/tech/profiles>

OMNA Considerations

The OMNA registry needs to add and maintain the following Objects:

- * Object URN Identifier: urn:oma:lwm2m:oma:6
- * Object Name: Location
- * Object Specification URL: OMA-TS-LightweightM2M-Core-V1-1-20180612-C
- * Description: It provides a range of device related information which can be queried by the Lwm2M Server, and a device reboot and factory reset function.
